### Paul Drury To Receive Safety Award

Ten years ago Paul A. Drury of 2053 Middlebrook Road, donned the grey-blue uniform of a Greyhound driver. Since that time he has transported his passengers over more than 750,000 miles of western highway—without a recorded incident to mar a perfect safe driving record.

To honor Drury for his 10-year safe driving record, a safety award certificate, new shoulder insignia bearing the numeral "10," and the gift of a gold watch have been authorized by Stan A. Ossman, director of safety for Greyhound's 11-state western division.

"Such a record of safe driving—reflecting the fact that he had never been involved in a preventable accident—deserves the highest commendation," states Ossman.

The awards are to be presented to Drury at a forthcoming safety meeting of Greyhound drivers operating in this area, many of whom have been similarly honored with safety awards authorized for records of from five to 25 years of safe driving.
